

HA61 RTJ PRO

MAXIMUM PRODUCTIVITY

- > 360° continuous rotation
- > 4 wheel steering for more agility

EXCELLENT ROUGH-TERRAIN CAPABILITIES

- > Climb ramps up to 45%
- > Oscillating axle for a very good ground grip
- > Differential lock (hydraulic) to optimize crossing capacity

OPTIMIZED COST OF OWNERSHIP

- > Simplified hydraulic architecture thanks to mechanical axles
- > Simple and reliable engine (>19kW, does not require a particulate filter)
- > Sherpal ready for maximized usage and to generate additional revenue (optional)

OPTIMAL SAFETY

- > Haulotte Activ'Shield Bar: anti-crush system
- > Haulotte Activ'Lighting System: load and unload the machine in low visibility conditions
